

JOMEL TOMEO

Lucena City, Quezon Province, Philippines
PH: (+63) 916-386-3779 | jomel.tomeo.16@gmail.com | linkedin.com/in/joctom

OBJECTIVES

Detail-oriented Web Developer and AI Enthusiast with experience building full-stack web applications, designing UI/UX prototypes, and generating AI-powered content. Strong understanding of responsive design, user experience, and automation workflows. Reliable, deadline-driven, and easy to work with.

EXPERIENCES

SELF-EMPLOYED

Freelance Web Developer, AI Artist, & Figma UI/UX Designer

Remote
May 2024 - Present

- Designed and developed responsive websites and full-stack web applications using HTML, CSS, Tailwind CSS, TypeScript, JavaScript, React.js, Node.js, Express.js, Django, REST APIs, PostgreSQL, and Supabase.
- Built an SMS-Enabled Residential Property Management System integrating SKYSMS API for automated tenant communications and OpenTimeStamps cryptographically verifiable digital receipts.
- Created UI/UX designs and interactive prototypes in Figma for student and professional projects.
- Optimized website layouts for usability, accessibility, and mobile responsiveness.
- Managed project timelines, revisions, and client communication from concept to delivery.
- Applied prompt engineering techniques to generate high-quality images using GPT-5.6.
- Generated and curated 500–1,000 images weekly, ensuring visual consistency and quality.
- Designed image layouts and presentations using Figma and compiled them into video presentations using CapCut.

EDUCATION

DALUBHASAAN NG LUNGSOD NG LUCENA

Bachelor of Science in Information Technology

Lucena City
2023 - Present

- CHED Merit Scholarship
- Cumulative GPA: 3.7/4.0; Dean's List (2024, 2025, 2026)

SKILLS

Technical Skills: Full-Stack Web Development (HTML, CSS, Tailwind CSS, TypeScript, JavaScript, React.js, Node.js, Express.js, Python, Django, REST APIs, MongoDB, PostgreSQL, Supabase, PostMan); UI/UX Design (Figma); AI & Automation (Prompt Engineering, Claude AI, Cursor AI, DALL-E); Design Tools (Canva, Adobe Express, Adobe Photoshop); Video Editing (CapCut).

PROJECTS

SMS-Enabled Residential Property Management System

Built a property management platform integrating SMS automation for tenant communications, maintenance requests, and rent reminders using SKYSMS API. Streamlined administrative workflows and improved response efficiency.

Vira Rosales Portfolio Website

Designed and developed a responsive, visually engaging portfolio website using Vite React and Tailwind CSS. Focused on mobile-first design, performance optimization, and seamless user experience to showcase creative work.

AI Generate Clipart Images using DALL-E

Engineered an automated image generation pipeline leveraging DALL-E to convert text prompts into high-quality visuals. Implemented API integration and prompt engineering techniques for optimized output and cost efficiency.
